

LV Techies + Sit With Me Sponsorship

Dear Sponsor,

We at LV Techies are working hard to improve the lives of young people in the Las Vegas valley. Currently, we are planning two exciting events on **October 2, 2021**.

Our **Techie Talks** event will take place that afternoon, and is designed for young women in middle school, high school, and college to have the opportunity to sit down and talk directly with local women who work within and lead IT organizations. These one-on-one mentoring activities are priceless for young techies thinking about what is possible for them in their future, while seeing the many options for their own career.

Would you be willing to help us by sponsoring these efforts?

Your funds go directly to the operations of hosting these events. Ultimately, with your support, our goal is to create a scholarship program for our Las Vegas valley youth who are taking steps toward their future careers in Technology.

We have several sponsorship packages outlined below. Your support means the world to us as we remain committed to providing opportunities like this for the youth in our community.

As part of your sponsorship, you'll be invited to attend our **Sit With Me** event, taking place that evening. During this event, you'll hear from some powerful women within IT, including keynote speaker Wendy M. Pfeiffer, CIO of Nutanix, as she speaks about her journey in IT.

We look forward to seeing you there!

LV Techies + Sit With Me Sponsorship

The LV Techies are proud to present this year's Sit With Me event on October 2, 2021 from 5:30 – 8:30 pm at Black Fire Innovation.

We are excited to be recognizing numerous industry professionals this year. This is an opportunity for our community to engage and network with one another and listen to multiple women's journeys to success in the male dominated IT world. We cannot host this event without your support.

Our Mission is to Prepare, Empower and Inspire Women in Las Vegas Area to pursue their goals in STEM through a supportive Network. We strive for a diverse Tech Community ready to impact the modern jobs of the future and today.
